INTEROFFICE MEMORANDUM

TO: Mr. Percy C. Ashcraft, County Administrator
FROM: Dean Simmons, Building Official/Fire Official
RE: Fee Waiver Request, Prince George County Public Schools
DATE: June 22, 2018
CC: Teresa Knott, Deputy Clerk to the Board

The Department of Community Development has received a request from Ms. Renée P. Williams, Superintendent of Schools, to waive permit and all other fees associated with power restoration to N.B. Clements Junior High School.

The total fees associated with the project are \$933.09, which includes a permit fee of \$598.09 and after-hours inspection fee of \$335.00. The general parameters and criteria that have been considered in the past when granting such requests include minimal financial or resource impact to the department, volunteers performing the work, donated materials, and/or County work forces performing the work. The value of the permit fee and the related costs of inspections are of minimal impact to the Community Development & Code Compliance department. This project does not meet any of other typical parameters usually considered for waivers or fee reductions.

The fee ordinance requires Board of Supervisors approval of fee waivers or fee reductions (i.e. 25% reduction). Please forward the attached request from the Superintendent of Prince George County Schools to the Board of Supervisors for their discussion and consideration at the next available meeting. Attached also is a draft resolution for their consideration.

Thank you, and please contact me at your convenience if you have any questions or need any further information.
