DISCUSSION OF RECOMMENDATION FROM THE RECREATION ADVISORY COMMITTEE

The Prince George Parks and Recreation Advisory Commission unanimously agreed at their regularly scheduled November 14th meeting to recommend naming the Central Wellness Center Gym after the late Harvey Reginald Jones, Sr., better known by thousands, as “Coach Reggie,” who coached over thirty-five years for the Prince George Parks and Recreation Department and was a founding member of the Prince George Parks and Recreation Advisory Commission. Staff is asking for consideration of this matter from the Board of Supervisors.
