Public Hearing - School Impact Aid Appropriation

Lead Department(s): County & School Finance

Contact Person(s): Betsy Drewry

### **Description and Current Status**

The Prince George County School Board approved at its January 14, 2019 meeting a request for appropriation of \$1,583,633.35 in excess Impact Aid funds for Fiscal Year 2018-2019. The school request documentation (memo) is attached (see Attachment A). A second memo was provided on February 4, 2019 that provides a listing of planned projects [see Attachment B].

The requested appropriation increases are amounts above those included in the adopted FY2019 budget. The total request represents more than 1% of the adopted FY2019 County budget, so a public hearing is required for this appropriation. [The FY2018-2019 County Adopted budget is \$116,080,356 and 1% of the adopted budget is \$1,160,804].

On February 12, 2019 the Board of Supervisors authorized advertisement of a public hearing to be held on March 12, 2019. The notice of public hearing was advertised on February 26, 2019 and March 5, 2019 in *The Progress Index*. See advertisement [Attachment C].

At its March 5 budget work session, the School Board *amended its request*, asking that the funds be appropriated to the Operating Fund (0500) and that any amount not spent by June 30, 2019 be appropriated to the County-Wide CIP Fund (Fund 0311) for continued use in FY2020 [see Attachment D]. The CIP fund is a multi-year fund whose appropriations automatically carry forward.

Board Action Requested after the public hearing – See the following pages for Options 1 & 2

Option 1 – Approve School Request as amended on March 5, 2019
Appropriate \$1,583,633.35 to the School Operating Fund (0500) and give consideration to appropriating any amounts unexpended on June 30, 2019 to the County-Wide CIP Fund (0311). To accommodate this request, a detailed accounting of amounts expended and related open purchase orders would be needed on or before July 15, 2019. The board could appropriate to the Broad Category / Classification as permitted in §22.1-115 of the Code of Virginia.

Code of Virginia Title 22.1. Education Chapter 8. Public School Funds

### § 22.1-115. System of accounting; statements of funds available; classification of expenditures

The State Board, in conjunction with the Auditor of Public Accounts, shall establish and require of each school division a modern system of accounting for all school funds, state and local, and the treasurer or other fiscal agent of each school division shall render each month to the school board a statement of the funds in his hands available for school purposes. The Board shall prescribe the following major classifications for expenditures of school funds: (i) instruction, (ii) administration, attendance and health, (iii) pupil transportation, (iv) operation and maintenance, (v) school food services and other noninstructional operations, (vi) facilities, (vii) debt and fund transfers, (viii) technology, and (ix) contingency reserves.

The entry for this appropriation if approved will be:

TOTAL: \$1,583,633.35

Optional Language

1. The resolution draft includes language appropriating to the broad major classification if the board chooses to include when the motion is made. This optional language is in blue text.

| Option 2 – Approve appropriation of all Impact Aid funds to Fund 0500 for transfer to the County-Wide CIP Fund now. This would alleviate any lapse in appropriation on June 30, 2019 and the necessity to consider appropriating unexpended balance and open purchase orders to the County-Wide CIP fund for use in FY2020. ### A Commitment To Quality Education

January 15, 2019

**Prince George County Board of Supervisors** 

FROM: Renee Williams, Superintendent

Re:

Appropriation of Funds – Impact Aid Notification

At the Prince George County School Board's regular meeting on January 14, 2019, the board approved an appropriation for \$1,583,633.35 in Impact Aid funds for Fiscal Year 2018-2019. We respectfully bring this request to the Prince George County Board of Supervisor's for their approval as well.

As you know, the USDOE does not make full and final Impact Aid payments to eligible school systems until they have fully reviewed data points in each application. It usually takes several years to pay out an appropriation in full, which makes budgeting and projecting Impact Aid revenues both challenging and frustrating.

Collections for the fiscal year are as follows:

August 23,2018

\$ 653,846.62 (FY2017)

September 12, 2018

\$ 426,770.37 (FY2018)

November 5, 2018

\$1,989,086.12 (FY2019)

**Total Collections:** 

\$3,069,703.11 (As of December 2018)

Impact Aid was budgeted at \$2,900,000. Prior to the December 4, 2018 notification, collections had exceeded the budgeted amount by \$169,703.11. We are requesting the additional appropriation for the amount stated in the recent notification from the Department of Education, in the amount of \$1,583,633.35. This will bring our budgeted amount to \$4,483,633.35. Once the funds have been received, the total revenue received will be \$4,653,336.46, leaving \$169,703.11 as surplus funds from that revenue source.

Expenditure and revenue amounts in the 2018-2019 operating budget should be increased as follows and will permit the school system to use these funds as designated by the School Board prior to the fiscal year end.

USE OF IMPACT AIDE SUPPLEMENTAL APPROPRIATION

### **TECHNOLOGY**

### Wireless/Infrastructure

\$120,500

As a result of meeting the Virginia Development of Educators Standards of Learning, the Standard of Accreditation and increasing the usage of technology in Instruction and the kind of network traffic we now generate, we are outgrowing our wireless capabilities. There is an urgent need to replace all of our current access points in our schools and to add access points to chronic problem areas.

The amount of technology that is currently being used has grown tremendously. In 2011-12 we had 2,100 computers. That number grew to 3,400 in 2015-16. For the 2018-19 school year, we have 4,626 school-owned computers. That number does not include school owned iPads, student and teacher cell phones and other devises trying to hit access points. It is possible that 75 devices are trying to hit access points designed to handle 25-30 concurrent connections.

### **TRANSPORTATION**

### 2 Special Education Buses

\$231,800

We currently have two Special Education buses that are at or about 200,000 miles. The Code of Virginia requires replacing buses at 200,000 miles. We currently have seven special education buses that transport 83 students with special needs. The transportation needs of these students cannot be met on regular buses.

Re: Appropriation of Funds – Impact Aid

At the Prince George County School Board's work session on March 5, 2019, the board approved a request to amend its original request for the supplemental appropriation of \$1,583,633.35 in Impact Aid funds for Fiscal Year 2018-2019 to the school division's Regular Fund, Fund 0500. The School Board respectfully requests, should the supplemental appropriation of \$1,583,633.35 be approved, that it be appropriated in the Regular Fund, Fund 0500, and any unspent portion at year-end be appropriated into the County-Wide CIP Fund, Fund 0311, for continued use in FY2020.

We respectfully request this amendment of the School Board's original request be presented to the Prince George County Board of Supervisors for its approval.

Thank you for your continued support of Prince George County Public Schools.

Weliams (P)

Sincerely,

Renee Williams Superintendent
