What are your specific qualifications as they relate to the boards, commissions or committees you have requested to serve on. What will you bring to the table to make that board, commission or committee serve the county citizens better:

My qualifications related to recreation are agricultural, related specifically to sports turf, and serving as an assistant coach in various sports over the last several years. I would hope to be a valuable support mechanism for the recreation department for the programs already in place. Through my experiences as a parent, the recreation department does a great job for the citizens. If requested by the staff, any agronomic consultation related to sports turf management would be my greatest strength to the committee/department. Outside of my agronomic expertise, I hope to be another set of ideas and support for all the department does. I take pride in being a citizen of the county and believe participation in youth sports done the right way set our youth up for success in life as they grow older.
