Mr. Hunter;

We have received a donation request for our current fire brush skid unit that is in the process of being replaced. I ask that we consider this request to assist this community, as we have been past recipients of such aid. I've enclosed the letter, and contact information in regards to this request. Please feel free to contact or e-mail for any further questions

Respectfully;

Timothy Flynn
Chief, J.P.V.F.D.

MR. ASHCRAFT:

THE AMOUNT IS APPROX. \$2500⁰⁰. I ASSUME THIS IS A CONSENT ITEM FOR THE B.O.S. TO APPROVE? I AM NOT SURE IF THERE IS A FORM OR PROCESS TO SUBMIT THESE ISSUES.

Dear Chief Flynn,

Please accept this letter as a request for consideration to be a recipient of any surplus equipment your department may have and that can part with in support of our mission to provide a higher quality, safe and continuous Fire & Emergency services to our citizens in our area.

As we are a 501(c)(3); small all volunteer department serving an area that is rural and populated predominately by farms and scattered single family residences we have a very limited and scarce ability to generate any additional income to our already restrictive budget to assist in obtaining new or serviceable used equipment.

Therefore we are requesting your kind consideration for donation of any used PPE i.e. helmets, boots, structural turnout coats and pants that is in date or as close to in-date as possible, hose appliances, hand tools, rescue tools, wildland skid unit, generators, gas powered equipment, vhf communication and or paging equipment, rolling stock and saws. Any donation to our department would be so greatly appreciated and would be put to immediate good use.

On behalf of myself and my entire membership I would like to thank you in advance for the opportunity to request your consideration in this area we so desperately are seeking assistance in.

Very Respectfully Submitted,

Ed Whittaker
