School Capital Projects

Item: / Purchases – FY2021

School Administration, School Finance & County Finance

Dr. Lisa Pennycuff; Monique

Contact Person(s): Barnes; Betsy Drewry

Description and Current Status

Lead Department(s):

As part of the fiscal year 2021 adopted budget, the County included multiple school projects and purchases with debt issuance as the funding source. *Excluding new Walton Elementary School*, which will be considered later, those projects and purchases total \$919,220, and are listed below.

- Generator for Prince George High School \$179,220
- School Technology Infrastructure Improvements \$328,000*
- School Buses (4) \$412,000

*School Technology Infrastructure Improvements include 1) \$204,693.45 local match (30%) for E-Rate Funding and \$123,306.54 for hardware not covered by E-Rate funding.

See Attachment A for an overview of each project, procurement and pricing.

The recommended source of funding is borrowing / bond issuance in the spring of 2021.

Appropriation entry, if approved, is:

Revenues:

0311-40-900-8115-341401 - CIP Fund Debt Proceeds

\$919.220

Staff is requesting the board to authorize:

- Appropriation of funds through bond issuance in the spring of 2021 (February / March 2021);
- A reimbursement resolution for future debt issuance.

Two resolutions are included in the board packet for consideration. One resolution approves the appropriation, the other is a reimbursement resolution which expresses

	the intent of the County to purchase vehicles now and reimburse themselves with bone proceeds issued in the spring of 2021.

Prince George County Public Schools – FY21 CIP Description and Current Status – "Attachment A"

School Buses

Prince George County Public Schools has a fleet of 83 buses. A minimum of 60 buses are on the road daily, transporting students. 23 buses are used as spares and for parts. PGCPS is required by State Code to inspect all buses at least once every 45 days. In 2010, the State modified the recommended replacement cycle from a 12-year cycle to a 15-year cycle. The Federal Highway Administration recommends school bus replacements at 15 years or 250,000 miles. The average miles driven by PGCPS buses is 18,641 miles annually. At 15 years, the average mileage would be 279,615. The balanced replacement cycle provides for the purchase of 4 buses each year for 15 years.

Sonny Merryman will be the chosen vendor and is on the State of Virginia's contract list. The contract number is E194-73321-MA2058. The vehicles are currently in-stock and could be delivered August 1, 2020. The total estimated cost for four (4) 77 passenger buses is \$412,000.

Prince George High School Generator

Currently, Prince George High School does not have an operating generator. The old generator operated the emergency lights only and currently, it is not functional and parts are no longer available. Prince George High School is currently scheduled to be the number 3 shelter, but, at this time, cannot be used as a shelter in any capacity. Currently, if power is lost, there are no emergency lights. The gym and auditorium have exit signs that will illuminate with tiny spotlights; otherwise, there are no exit signs in the building.

The generator will be purchased using either state contract or a cooperative contract if pricing is less than state contract pricing. The estimated cost is \$179,220 and the lead time for the generator is 12 weeks; therefore, it could feasibly be delivered by October 1, 2020.

Technology Infrastructure

The network infrastructure within each school needs to be replaced. This includes adding additional Wireless Access Points and replacing all the network switches. Students and staff are faced with poor service, connectivity and failing hardware. PGCPS has identified E-rate funding that must be spent prior to September 2021 and requires a 30% Local Match of \$204,693.45. The project also includes hardware that is not covered by E-rate in the amount of \$123,306.54.

E-rate, in collaboration with the school division, has already gone through the RFP procurement process. The total needed in County funding is \$328,000. This project must be completed by September 30, 2021.

Board of Supervisors County of Prince George, Virginia

Resolution

At a regular meeting of the Board of Supervisors of the County of Prince George held in the Boardroom, Third Floor, County Administration Building, 6602 Courts Drive, Prince George, Virginia this 14th day of July, 2020:

Present:	<u>Vote:</u>				
Donald R. Hunter, Chairman					
Alan R. Carmichael, Vice-Chairm	Alan R. Carmichael, Vice-Chairman				
Floyd M. Brown, Jr.					
Marlene J. Waymack					
T. J. Webb					
A-3					
On motion of	, seconded by	, which carried			
unanimously, the following Resolu	ution was adopted:				

RESOLUTION OF OFFICIAL INTENT TO REIMBURSE EXPENDITURES WITH PROCEEDS OF BONDS OR OTHER INDEBTEDNESS

WHEREAS, the Board of Supervisors (the "Board") of the County of Prince George, Virginia (the "County") has previously determined to undertake the purchase of 1) a generator for Prince George High School for \$179,220; 2) Four School Buses for \$412,000; and 3) technology infrastructure improvements of \$328,000 for E-Rate local match and hardware not covered by E-Rate;

WHEREAS, the Board currently expects that the cost of the Purchase, excluding the costs of the financing thereof, will be approximately \$919,220;

WHEREAS, the Board currently expects to incur long-term indebtedness in an amount now estimated at \$919,220 to pay a portion of the costs of the Purchase, which indebtedness may take the form of tax-exempt bonds or other types of debt; the proceeds of such indebtedness may be used either for paying costs of the Purchase directly or for repaying other indebtedness previously incurred for the Purchase or for a combination of such purposes; and

WHEREAS, the County may also advance its own funds to pay expenditures relating to the Purchase (collectively, the "Expenditures") prior to receiving reimbursement for such Expenditures from the proceeds of tax-exempt bonds or taxable debt, or both;

THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the County as follows:

- 1. The County intends to utilize the proceeds of tax-exempt bonds or notes (the "Bonds") or to incur other debt to pay Purchase costs in an amount not currently expected to exceed \$919.220.
- 2. The County intends that the proceeds of the Bonds be used to pay or reimburse the County for the payment of Expenditures made after the date of this Resolution or made within 60 days prior to the date of this Resolution or Expenditures which are incurred for certain preliminary costs such as architectural, engineering, surveying, soil testing, bond issuance expenses and the like. The County reasonably expects on the date hereof that it will pay or reimburse the Expenditures with the proceeds of the Bonds or other debt.
- 3. Each Expenditure will be, unless otherwise approved by bond counsel, either (a) of a type properly chargeable to a capital account under general federal income tax principles (determined in each case as of the date of the Expenditure), (b) a cost of issuance with respect to the Bonds, or (c) a nonrecurring item that is not customarily payable from current revenues.
- 4. The County intends to make a reimbursement allocation, which is a written allocation by the County that evidences the County's use of proceeds of the Bonds to reimburse an Expenditure, no later than 18 months after the later of the date on which the Expenditure is paid or the Purchase is placed in service or abandoned, but in no event more than three years after the date on which the Expenditure is paid. The County recognizes that exceptions are available for certain "preliminary expenditures," costs of issuance, and certain de minimis amounts.
- 5. The Board intends that the adoption of this Resolution confirms the "official intent" of the County within the meaning of Treasury Regulations Section 1.150-2 promulgated under the Internal Revenue Code of 1986, as amended.
- 6. The County Administrator and other officers of the County are hereby authorized and directed to take such actions, in consultation with the County's counsel, as may be necessary or desirable to implement the planning and structuring of the Bonds, including but not limited to negotiations with lenders or investment bankers for the Bonds, the selection of bond counsel to supervise the issuance of such Bonds and the engagement of such other professionals as may be necessary or desirable to assist the County in this process, but such officers shall not obligate the County on such Bonds without further approval by the Board.
 - 7. This Resolution shall take effect immediately upon its passage.
