**Lead Department(s):** Planning & Zoning, CDCC  
**Contact Person(s):** Julie Walton

## Description and Current Status

Applications for transportation projects designed to be funded through Virginia's Smart Scale program are due August 1, 2022. Prince George County submitted revised applications this year for the Roundabout at Jefferson Park Rd. and Middle Rd., and the Roundabout at Middle Rd. and Prince George Dr. The pre-applications were screened and approved in March for final submittal in August. The application process requires letters of support from various stakeholders and a resolution of support from the local governing body.

Attached for the Board's review and consideration is a draft resolution of support for these two transportation projects in Prince George County. Staff's recommendation is for approval.

*Sample Motion: I move that the Board **[approve / not approve]** the resolution of support for the County's Smart Scale Transportation Project applications*

## Fiscal Impact Statement

There is no fiscal impact to the County for this action. Approval of the resolution will allow the applications for these projects to move forward.

## County Impact

Completion of these transportation projects will increase the safety and efficiency of two intersections that have experience increased traffic incidents and anticipated volume increases due to the new elementary school once completed.
