Item: Work Session – Update on the AMI Meter Project

Lead Department(s): Engineering & Utilities

Contact Person(s): Frank Haltom

Description and Current Status

Veolia (formerly Suez) was awarded a contract to provide an Advanced Metering Infrastructure (AMI) Full Service Implementation and Maintenance Program

The program provided under this contract will improve the process of collecting monthly water utility meter data to enhance the level of service offered to utility customers by installing new radio read meters throughout the county and new software to collect meter information remotely.

An update on the status of the AMI meter project will be presented to the Board.
