BOARD OF SUPERVISORS STAFF REPORT

**ZONING CASE AMENDMENT– RZ-16-04
BPP JEFFERSON POINTE LLC
JEFFERSON POINTE APARTMENTS**

PUBLIC HEARING: OCTOBER 25, 2016

Request:

The applicant has submitted a zoning case amendment to amend Case ZM-96-003 approved on April 23, 1996 and ZM-87-7 approved on October 28, 1986 by revising the case conditions relative to the number of permitted bedrooms, the approved floor plans, elevations, the interior finishes, siding materials and the deletion of the existing recreational facilities for the apartment residents and by providing a proffer that addresses County public school facility improvements.

Note: Companion case to RZ-16-03 BPP Jefferson Pointe, LLC conditional rezoning request.

Comprehensive Plan:

The 2014 Comprehensive Plan Update calls for commercial uses on the subject properties. However, the surrounding properties have been developed with multi-family apartments or commercial uses such as a bank, child care center, and mini-storage complex that support the adjoining Jefferson Pointe Apartments. In 2008, the Independence Place Apartments complex was conditionally rezoned from B-1 to R-3 to permit 232 dormitory apartment units and the Plan called for commercial uses. County Staff recognizes that this portion of the County is suitable for apartments located at the Fort Lee Shop Gate and within the urbanized area of the County.

Public School Facility Proffers:

The proposed zoning case amendment changes are designed to provide new, modern apartment housing units and to accommodate corporate and military personnel through short term leases with the potential for school age children. The applicant has proffered that a cash payment of \$ 1,366.00 per dwelling unit shall be paid at the time of issuance of the certificate of occupancy for the building for public school facility improvements. The total cash proffer payment for the 24 apartment units shall not exceed \$32,784.00. The school improvements shall be made at L.L. Beazley Elementary School within two (2) years of the issuance of the certificate of occupancy for the new apartment building once the new clubhouse has been built.

Police Department:

The Police Department has reviewed the zoning case amendment request and does not have any specific concerns with the request. The Community Policing Unit will continue to conduct random police patrols and will provide both non-emergency and emergency services. They will conduct directed patrols and any special operations when needed or requested by the property management staff. They will recommend crime prevention strategies to eliminate or reduce the opportunity for crime to occur on site or within the parking lot and on the grounds in the future.

Utilities Department:

The subject property is served by County water and wastewater service and additional tap fees will need to be paid before building permits are issued by Prince George County. The owner shall determine the feasibility of connecting to the existing gravity sewer within Jefferson Pointe Lane that is serving the Jefferson Pointe Apartments and include at a minimum: Evaluation of the need for extension of the public sewer and associated public easements, and/or any private sewer extensions and/or the associated private easements; Evaluation of including the sewer

discharge from the Stay Over Storage property into this new gravity connection / extension to eliminate the private sewer force main and the associated private easement which run across the owner's property along the west side of Baileys Ridge Drive.

The proposed sewer discharge from the owner's property will present additional loading to the City of Hopewell's Bailey Creek sewer interceptor, the owner's feasibility evaluation will need to include coordination and approval also with the City of Hopewell, and any required public sewer line or facility upgrades required to serve the additional sewer flow from the owner's site will be the responsibility of the owner to address to the satisfaction of both the City and the County.

Transportation:

The Virginia Department of Transportation (VDOT) has reviewed the request and stated they have no objections to the proposed conditional rezoning case request. The project has been reviewed in accordance with VDOT's Traffic Impact Analysis regulations, 24VAC30-155, and the anticipated site generated traffic does not meet the Traffic Impact Analysis (TIA) regulatory threshold for the submittal of a formal analysis to the Department.

The project is subject to VDOT's Access Management Regulations, 24VAC30-73. Based upon the preliminary exhibit provided, it appears that the site does meet VDOT's access management requirements. All improvements impacting the state maintained rights of way will be evaluated for compliance with Department standards through the site plan review process. Acquisition of a Land Use Permit is required before any work can be done within the VDOT right of way.

Public Comments:

As of the writing of this report, County staff has not received any letters, telephone calls, social media postings or any e-mails in support or opposition to this conditional rezoning case request. A Zoning Sign has been placed on the subject property as a courtesy for any public comments.

Recommendation:

Staff recommends Approval of this zoning case amendment request along with the applicant's proffers dated October 13, 2016 to permit twenty-four (24) apartment units contained in one new apartment building to be built on the current apartment clubhouse and pool property location.

SPECIAL LIMITED POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS, that I, William M. Murphy, am the Manager of BPP Jefferson Pointe LLC, Delaware, a corporation, (the "Owner"), and am duly authorized to act on behalf of the Owner. The Owner owns parcels of land located in Prince George County, Virginia ("Prince George"), which parcels of land are identified among the official records of Prince George as Tax Map #s 12D(02)00-001, 002, 003, 004, 005, 006, 007, 008, 009, 010, and 011 (the "Property"). On or about August 25, 2016, the Property was included in a rezoning application to amend the proffers (the "Application").

The Owner of the Property, having full right and authority to do so hereby makes, constitutes, and appoints Ann Neil Cosby, D. Brennen Keene, R. Robert Benaicha, and Adena M. Patterson (collectively, the "Appointees"), any of whom may act, the true and lawful attorneys-in-fact for the Owner in connection with the Application. Each Appointee shall have full power and authority to do and perform as may be necessary to prepare documents and conditions on behalf of the Owner, to seek the rezoning and to proffer any and all conditions, plus any amendments, modifications, substitutions, or deletions relating to the Application, as necessary for the use of the Property as requested in the Application, subject to review by the Owner.

IN WITNESS WHEREOF, I have hereunto set my hand this 18th day of August, 2016.

**Description of Project
R-3 Amendment
Jefferson Pointe Apartments**

Tax Parcel 12D(02) 001-011 (the "Property") was rezoned, subject to approved proffers (the "Proffers"), as part of a 71-acre rezoning in 1986 (the "Bogese Rezoning"). Copies of the Proffers are attached hereto as Exhibit A. The majority of the land included in the Bogese Rezoning, including the Property, was rezoned to R-3 for townhouse development. Other parcels were rezoned for commercial use. In 1996, the Proffers were amended as they applied to those parcels zoned R-3 (including the Property). A copy of the amended Proffers (the "Amended Proffers") is attached hereto as Exhibit B. Specifically, Proffer Condition #3 was amended to replace the term "townhouses" with the term "garden apartments" and a new condition No. 11 was added requiring "[r]ecreational facilities, including a pool, tennis courts, jacuzzi and recreational building to be provided for residents." See Exhibit B at p. 2, Condition No. 11.

Currently, a recreational facility, clubhouse and pool have been built on the Property pursuant to the Amended Proffers. The Applicant proposes to raze the existing facilities on the Property and construct new larger facilities on adjacent property [see companion case]. The new facilities would include a two-story clubhouse, with a gym, and a new swimming pool. A new apartment building with 24 units would then be built on the Property. The units would have one, two, or three bedrooms.

This request is to amend the Proffers for the Property, as amended by the Amended Proffers. Specifically, the Applicant requests the following modifications:

- Condition No. 3: [Apartments] to have a maximum of three (3) bedrooms, provided that not more than 25% of the total apartment units may contain three bedrooms.
- Condition No. 10: *Delete in its entirety*
- Condition No. 11: *Delete in its entirety*

The revision to Condition 3 permits the construction of a limited number of three bedroom apartments. This revision will provide additional housing options to mitigate the current need for housing around Fort Lee. The need for housing to serve Fort Lee continues to be a need in the County, as identified in the Prince George County Comprehensive Plan. It is anticipated that a majority of the new apartment units will be leased by members of the Fort Lee community, and will be marketed as such. Condition No. 10 is no longer necessary applicable. Condition No. 11 is no longer necessary, given that new and improved recreational amenities are proposed to be built on adjacent property [see companion case].
